DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference character "32a, 32b" has been used to designate both a "protruding key" and a "nailing key". Correction is required.

Specification

2. The disclosure is objected to because of the following informalities: The examiner has observed that the specification begins with Page 2. She could not help to wonder if there was in fact a Page 1, that might be missing, or if Page 2 is the actual first page of the applicant's specification. Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation of the phrase "is capable of" renders the claim as being indefinite in that it is not clear if the stop of the notch portion actually abuts the flanged assemblies.

Allowable Subject Matter

5. Claims 1 and 2 are allowed.
6. Claim 4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and/or to include all of the limitations of the base claim and any intervening claims.
7. The examiner's statement of reasons for allowance remains as indicated in the action dated 11/8/00.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yvonne M. Horton whose telephone number is (703) 308-1909.
